* Helping to raise our safety awareness *

Toolbox Talks

A Toolbox Talk is an informal group discussion, that focuses on safety topics related to the specific task or activities, such as workplace hazards and safe work practices etc. It is a tool to be used daily to promote safety culture. Meetings are normally short in duration and are generally conducted at the job site prior to the commencement of a job or work shift.

It is one of the very effective methods to refresh workers' knowledge, cover last minute safety checks, and exchange information with the experienced workers.

5 minutes for your life!
