## Personal Protective Equipment (PPE)

Personal Protective Equipment (PPE) – is a specialised clothing or equipment worn by employees for protection against health and safety hazards. Personal protective equipment is designed to protect many parts of the body, i.e., eyes, head, face, hands, feet, and ears.

PPE is equipment that will protect workers against health or safety risks on the job. The purpose is to reduce employee exposure to hazards when working and administrative controls are not feasible or effective to reduce these risks to acceptable levels.

**ALL EMPLOYEES MUST WEAR  
APPROPRIATE PPE**
