Waste Management Policy

- Renaissance Services – Contract Services Group recognizes the responsibilities of its actions on the environment and aims to reduce the adverse impact of the waste generated from its operations.
- We commit to implement an effective waste management programme to ensure disposal of waste materials is carried out in an environmentally responsible manner, while meeting or exceeding the legislative and regulatory requirements.
- We shall consistently look at ways to improve our Company's waste management processes with a view to:
 - a) Reduce unnecessary use of raw materials
 - b) Enable waste recycling, composting and energy recovery to assist in reducing landfill waste
 - c) Explore possibility of using environment friendly or bio-degradable materials, wherever practical
 - d) Segregate waste at source to enable appropriate disposal and recycling
 - e) Enhance disposal methods of hazardous waste through implementation of appropriate control measures
- All members of the Company are encouraged to ensure that the waste they create is dealt with in accordance with this policy.
- This policy will be reviewed periodically in respect of changing regulations, legislations and new opportunities as they present themselves to the Company.
